Schools Ready To Resume Classes On Tuesday Morn

350 Expected To Enroll In High School To Set New Record

Approximately 40 teachers in the five schools of the Tahoe-Truckee Unified School District this week are attending the annual "work shop" at the high school in preparation for the opening of schools Tuesday.

The work shop, which will continue through Friday, is being conducted by Superintendent John Corbin, Principal William Sciutto of the high schools and Dr. Caldwell, professor of education at Sacramento State College.

While only 25 new students had registered for high school classes Tuesday, Principal Sciutto said an estimated enrollment of between 350 and 400 students is expected when classes resume September 3.

Sciutto said preparations are being made to conduct at least four classes in the halls, four in the library and several in the cafeteria because of the crowded conditions which exist at the high school. This condition will be eliminated through future building provided for in a recent bond issue approved by the voters.

Elementary schools will open at Truckee, Kings Beach, Tahoe City and Donner Summit.

A full staff of teachers for all the schools has been engaged, Sciutto declared.

THIESS HELD AFTER SUPPORT SUIT FILED

A 37-year-old Truckee man who had just recovered from a gunshot wound in the stomach has found more trouble, with his arrest this week in Truckee by sheriff's deputies on a warrant out of Tehama County charging failure to provide for his children.

John Theiss, now awaiting return to Tehama County, suffered a bullet wound in his abdomen July 27 in an incident in Smart's Cafe near Truckee when Maurice Lambert, 36, of Truckee allegedly fired two shots at him, hitting him with one.

Theiss was taken to Washoe Medical Center in Reno for treatment and Lambert was arrested on a felony charge of assault with intent to commit murder.

Lambert is currently in the county jail in lieu of $2000 bail awaiting arraignment in superior court.

VETERAN GROUPS AT TAHOE ARE HONORED

KINGS BEACH — Mark Kinsey, national service director of the Veterans of Foreign Wars has written Commander John S. Crenshaw and President Pearl Moore from Kansas City advising them that the local post, No. 7077 has been awarded honorary certificates in the national community service contest which ended July 31, 1957.

The award was given for outstanding community services rendered during 1956 and 1957.

Post 7077 and the auxiliary were among 394 state winners whose scrapbok was entered in competition. The local book, with others, is on display at the National Encampment held in Miami Beach, Fla.

HEARING IS CALLED ON WATER IN AREA

SACRAMENTO (CNS) — The state department of water resources announced it has called a hearing for September 12 in Sacramento on applications of the Sierra Pacific Power Company, the U. S. Bureau of Reclamation and the Washoe County Water Conservation District for water from the Truckee and Little Truckee rivers.

The department said the hearing will be devoted to considering means of expediting hearings on the applications and setting of later dates for taking testimony.

MARCIA DUDLEY IS HONORED IN SCHOOL

Marcia Dudley, graduate of the Tahoe-Truckee High School with the class of 1953, has been selected secretary of the San Francisco Student Nurses' Association and editor of St. Luke's Hospital yearbook. Miss Dudley is a senior student nurse at St. Luke's. Her parents are Mr. and Mrs. S. Dudley of Berkeley.

A. R. SPECHT GAINS AFTER OPERATION

TAHOMA—A. R. Specht, prominent retired San Francisco businessman, who spends his summers with Mrs. Specht at their home at Tahoma, is reported recovering nicely from an emergency appendectomy preformed at Washoe Medical Center.

Specht was rushed to the Tahoe Forest Hosptal Friday and later removed to Reno for specialized surgery at which Dr. L. D. Nelson of Truckee assisted.

Mrs. Specht reported yesterday that her husband is recovering speedily and is anxious to return home.

Board Makes Study Of County Sales Tax During Meet

A ten-man committee has been named by the Nevada County Board of Supervisors to study the feasibilty of adopting a one-cent county sales tax. City Manager H. J. Ray of Nevada City led the discussion for the tax and how it should be administered.

It was pointed out that an expected return from the tax would give Nevada City and Grass Valley, the two incorporated cities in the county, a considerable increase in revenue.

Chairman H. G. Loehr asked that a full and complete study be made before any decision is reached, but indicated that the issue seemed certain of approval in the near future.

Four Are Injured In Auto Accidents

Four people were injured in weekend traffic accidents in this area, Sgt. Frank Snyder reports.

Mrs. Helen Hamilton, 34, Truckee, was taken to the Tahoe Forest Hospital Sunday at 3:30 a.m. after her car ran off the highway half a mile south of the Squaw Valley road on Route 89. She was cited for speeding and being on the wrong side of the highway.

Wanda Parletich of La Mirida was injured Saturday at 11:50 a.m. when a car driven by Martin L. Parletich and one operated by Myron J. Lewis of Castro Valley were involved in a collision at Carnelian Bay. Lewis, the patrol said, stopped to let a boy cross the highway and the Parletich car rammed the Lewis vehicle. The former was cited for following too closely.

Santos G. Macias of Sacramento and Arthur C. Leon of Broderick, were injured when a car driven by the former ran off the highway three miles west of Donner Lake on Highway 40 at 4:45 a.m. Thursday.

Macias was charged with drunk driving and fined $263 and Leon paid $50 for violating the county sobriety ordinance.

ASKS BAN FOR MORE SQUAW SUBDIVISIONS

Alan Bartholemy, executive director for the Olympics Organizing Committee, has been asked by the Placer County Board of Supervisors to appear before the board and discuss his request that all new subdivisions in Squaw Valley be banned until the question of land acquisition for the 1960 Winter Olympics is cleared up.

Mr. and Mrs. Wayne Poulsen have asked the board to approve two new subdivisions in the valley. Supervisors Chairman J. B. Paolini told the Poulsens that the Olympic committee should study the plats thoroughly before they are approved. He said he would be governed by the wishes of the committee.

HIGHWAY WORK TO HALT FOR HOLIDAY

Construction work on highways in District III will be halted, with minor exceptions, over the long Labor Day weekend, District Engineer Alan S. Hart announced in Marysville today.

On the Floriston to stateline section work will stop from 1:30 a.m. Saturday morning to 6 a.m. Tuesday morning. In this section traffice will move over a two-mile section that will be watered occasionally.

ACCESS ROAD WORK AT PARK COMPLETED

The improvement of access roads to camp sites and service areas in a portion of Donner Memorial Park near Truckee has been completed, District Engineer Alan S. Hart announced today.

The completed project which cost approximately $11,273, called for grading, shaping, and paving unimproved roads in a camping area of the park. The improved roadway serves 52 camp sites and a service area. Milo Browne of Kings Beach was the contractor.

The division of highways was represented during the construction period of Resident Engineer H. K. Hardie. Work on the improvement started August 5.

See Friend—

Mr. and Mrs. Ken Hedlund visited the O. Alexanders at Marysville during the weekend.

Sale Of Truckee Hotel Announced For September 1

Dolley Will Continue With Apartments, Other Local Jobs

Mr. and Mrs. N. F. Dolley this week announced the sale of their Hotel Truckee to Mr. and Mrs. Alvah Hooper of Truckee who will take over management of the 28-room hotel Sunday.

The Hoopers recently sold their Laundromat at Gateway Shopping Center, but have continued to make their home here. They plan a number of improvements, such as renovation and redecoration of the hostelry in the immediate future.

Dolley said he would confine his efforts to his work as constable, fire chief and his interest in the Truckee Colonial Mortuary as well an manage their apartments. The office of the constable will be in the justice court, Dolley said.

Mr. and Mrs. Dolley purchased the hotel from Mr. and Mrs. Arthur Walters of Sacramento when the latter left here in October, 1953. The Hoopers have been here for the past five years and Hooper is Nevada County coroner.

The hotel, as well as having the rooms also contains Loynd's Truckee Drugstore on the main street. The purchase price was in excess of $60,000.

The Dolleys will occupy their Donner Lake home and may move into one of their apartments next year, Dolley said.

GOLF TOURNEY AT TAHOE ATTRACTS MANY LOCAL ACES

TAHOE CITY—Angie Bonino, professional at the Tahoe City golf course in Tahoe City, reports winners of the 8th annual tournament staged here. Two hundred and sixty entrants participated. First place winners received trophies.

Carl Bechdolt, Jr., hosted the group at the links, his father, Carl Bechdolt, Sr., and brother Bill Bechdolt, furnished the barbecue on Sunday evening, and the junior Bechdolts entertained at the cocktail party which preceded it.

The junior boys and girls, and the women, held their tournaments on Friday and Sunday was reserved for the men.

Boys' gross—17 years and under went to Pierce Morris of Modesto with a 36-hole score of 138. Jim Drucker, 16-year-old San Franciscan, took second with 139, and received a trophy and other gifts for making a hole in one on the ninth hole. The regular hole in one contest staged by the local Volunteer Fire Department benefit was taken by Alec Low of Alameda who landed his ball 34 inches from the hole and received a $140 set of irons for his trouble.

Boys' net winner: John Miller of San Francisco with 116; second place, Jack Rodemann of San Francisco, with 121.

Girls' gross winners, under 17. Susan Cronin, San Francisco, with 211; second, Sharon Bechdolt, Tahoe City, with 225.

Girls' net winners: Diane Huckins of Marysville, with 153; second, Diane Booth of Stockton, with 172.

Women's gross: Sharon Johnson of Carson City, with 74; second place to Chris Di Sivio of Pittsburg, with 77.

Women's net: Betty Johnston of La Jolla, with 64; second, Nadine Neugebauer, 66.

Men's gross: Wally White of Reno, with 70; second place a tie between George Lewis of Los Angeles and Andy Caporale of Reno, with 71.

Men's net winners: Ken Marvin of Tahoe City, 59; second place a tie between Mike Ryan and Bill Greenbacker of San Francisco, with 62.

CLEO KLEIN MOVES TO HOME IN OREGON

Mrs. Cleo Klein left last week to make her home at Salem, Ore., after having been a resident of this area for the past 15 years.

Mrs. Klein and her late husband, Surb Klein, made many friends in the vicinity where they built a successful business, which she continued until selling last year. She is building a new house in the north and her brother will also make his home there.

Local friends extended their best wishes before her departure and she is already planning to make a trip here next year.

SUNBEAMS

By WALTER M. BARRETT

There seems little hope that Nevada County can escape a county sales tax. If money is needed, and we presume it is or our governing officials would not favor the plan, we can think of no more equal way of collecting than through a sale tax. However, being an an unincorporated area of the county, Truckee stands to gain very little and at the same time contribute a great deal to this new gimmick for separating the taxpayer from his money. Nevada City and Grass Valley will share with the county and should support the sale tax plan wholeheartedly. Truckee on the other hand, should vigorously oppose such a deal until it is shown conclusively how this immediate area can be benefited. We think sales in Truckee will equal those in Nevada City and not be too far behind Grass Valley and therefore if we are to collect these taxes, we should have a definite return. We do not believe our supervisor will go along with the sales tax idea until this question has an answer. Our community is too big to shell out 1 percent of our income to finance improvements in some remote section of the county and until this point can be clarified, we stand opposed to a county sales tax.

TAHOE COURT BUSY WITH MANY CASES

TAHOE CITY—Arthur Perry Close pleaded guilty to a drunk charge before Judge Harry Charrison and was sentenced to 30 days and fined $10. He was arrested by Deputy Bud Rabska.

Gerald C. Burt appeared in the same court on a contributing to the delinquency of minors charge and was fined $100. He resides in Reno.

R. L. Fisher and W. B. Simmons both of Reno were fined $100 each for being in possession of intoxicating liquor in a vehicle.

Fred William Gardner was sent to jail for 45 days for being drunk and disturbing the peace and Cecil Craddock pleaded guilty to possessing intoxicating liquor and was fined $100.

21 VISITORS ATTEND DONNER DANCE PARTY

The Donner Dancers welcomed 21 visitors to last Friday's dancing party. Guests of honor were Roger and Freida Stinchfield who will leave shortly for Stinchfield's new post in San Diego County. The couple received a tie and pendant set from the club and a "good luck" cake was served for dessert during refreshments.

Out-of-town guests came from Quincy, Palm Springs, Santa Cruz, Oakland, San Leandro, Concord, Cotati, and Kings Beach. Ted Bates of Quincy was guest caller during the evening.

Five local couples traveled to Auburn on Saturday night for the outdoor dance put on by the Jeans and Queens. Carroll and Winnie Maynard, Wilbur and Ava Glenn, Waltand Eva Lynn Pope, John and Sophie Levra, and Lloyd and Virginia Everett danced to calls by Fred Gordon and Don Monteer.

The Donner Dancers will hold their weekly square dance in the Veterans' Building tomorrow evening. Lloyd and Virginia Everett will conduct a beginners' class at seven preceeding the party.

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced today the issuance of a notary public commission to Fredna Smith, West Main street, Truckee.

Probe Started To Determine Cause Of 3 Tahoe Fires

Homes Destroyed In Fire At Fallen Leaf As Others Fought

Fire in the Fallen Leaf area at Lake Tahoe which apparently was under control at a late hour last night, broke out again at about 3 a.m. and was taxing the efforts of volunteers to prevent tragic losses. At least three summer cottages in the area as well as a number of cars were destroyed and more than 100 persons were routed from their homes.

Authorities are investigating the cause as the fire apparently started in several places at one time.

Also being investigated is the fire which threatened Richardsons Camp and burned over approximately eight acres Monday and the 80-acre forest fire in the Homewood area Monday.

Rabied Coon Bites Local Woman, Son

TAHOE CITY—Dr. Stuart Ding wall, who operates the Lake Tahoe Veterinary Hospital on the Truckee River, on Friday last received the report from the Placer County Health Department in Auburn in regarding the possibility of rabies infection of the pet Truckee raccoon which bit its owners, Mr. and Mrs. Burnal Euer of Mill Valley. The report came back "postive" which means the animal did carry the dread disease before its death at the hospital. The Euers have since returned home and will seek proper medical treatment from their physician.

Dr. Dingwall is concerned for the safety of children, and adults, of the Truckee-Lake Tahoe area and because of this is offering rabies prevention vaccination of local animals at a very special rate for the next 10 days.

He warns that children especially should be admonished against handling, or playing with, wild animals of any description.

When the pet raccoon of the Euers escaped in the wilds he was sought by his owners for several days. When finally located he was avidly devouring a snake and several children had been playing with him. Fortunately for them, he did not bite them. The raccoon's neck showed evidence that he had been bitten by a wild animal which possibly had caused him to become rabies infected.

Dr. Dingwall also announces this week that a year old white male husky dog will be given free of charge to anyone wishing the animal for a pet. He is well and healthy but is slightly crippled in one hind leg. This does not in any way interefere with his normal activities and all that is required is the assurance that he will be given a good home. If interested, phone Juniper 3-3243.

Homewood Fire Is Stopped After 80 Acres Are Involved

HOMEWOOD — The community of Homewood narrowly escaped destruction this week when a fire, starting in a logging operation on Chambers Lodge property, near Madden Creek, swept across the Leland McConnell property which had been logged last year, to be halted in the evening hardly a thousand yards above the resorts on the highway. Approximately 80 acres were involved.

A high southwesterly wind which Nelson Stone, forester in charge of combating the blaze, described as the strongest all summer, spread the fire in several directions inside the hour after it was reported at 2 p.m. Monday, so that by 3:30 the flames were visible to thousands in Homewood.

One hundred and fifty men working all night reduced the fire to a safe condtion by morning.

Stone said logging was being carried on by Don Ramelli for the Tahoe Timber Co. of Reno, which is logging the western portions of the old Chambers property sold last year to a San Francisco firm.

The problem of logging regulations is a concern of the McKinney Bay Protective and Improvement Association which announced last week that it was studying the problem with hope of getting some legal protection for the resort and home owners at the lake against careless logging within the lake basin.

MRS. WATERS OPENS CAFE AT GATEWAY

Mrs. Florence Waters of Gateway Park announced this week that she has purchased the restaurant equipment in the Gateway Cafe and plans to open for business September 1.

In the interval the new operator is renovating the interior of the place and will welcome former and new customers.

EDUCATION TALK IS LIONS CLUB FEATURE

Problems, current and future of the education system were discussed by Con Briner at the meeting of the Lions Club at Donner Lake Lodge last night. It was also announced that the golf tournament wil lbe held September 15.

Visitors included Bill Patterson, San Jose; Ray Shull ,Auburn; Chet Shull, Stockton; Robert White, Sacramento; Homer Dale, San Jose; Bruno Bellotti, Truckee and Wiff Bailey, Sacramento.

Dr. Ben King presided at the session.

"LOSS OF AIR" GIVEN AS CAUSE OF WRECK

Loss of air pressure in the brakes of a cattle truck driven by Harry C. Henderson, 26, San Francisco Wednesday morning a mile and a half west of Soda Springs caused the driver to leap from the vehicle breaking his ankle.

The truck continued along the highway and overturned, scattering cattle which kept the owner busy all day rounding them up.

Sergeant Frank Snyder reported the truck was demolished and one cow was destroyed. Officer Carroll Maynard investigated.

PLACER TAX RATE IS CUT FROM LAST YEAR

AUBURN—A tax rate of $1.53 for county for fiscal 1957-58 will be set late this month by the supervisors following their adoption last Thursday of a $5,096,820.59 budget for the year. The rate will be down 3 cents from the 1956-57 rate.

BUSY MEETING HELD BY MYF GROUP HERE

Members of the Methodist Youth Fellowship voted the Sunday afternoon picnic a success, culminating the previous work day which netted the young people, through their efforts, a good sum.

A board meeting of the officers was held Monday at 7 p.m. in the church edifice.

Friday evening Varien Frey and Janice Roth led the worship service and Diane McGihon played the piano with Nona Rae Coffey leading the hymns.

Renee Hall entertained the group after the business session and Barry Smith and Barry Leamon were refreshment hosts.

Legal Action Will Determine Value Of Squaw Lands

Negotiations Fail As Board Askes Legal Action This Week

California Olympic Commission Chairman Charles R. Blyth, saying the state "cannot permit one man's desire for profit to wreck the Winter Olympics," announced Monday the commission will go to court this week against Squaw Valley land owner Wayne Poulsen.

The court will be asked, Blyth said, to place a value on 42 acres sought for use in the 1960 Winter Olympic Games.

The commission has offered $103,370 for the land but Poulsen asks $440,000.

Blyth said he has asked the attorney general's office to file an eminent domain complaint this week in Placer County Superior Court of Auburn.

Blyth noted that the 42 acres involved are part of 1240 acres Poulsen bought in 1950 for $50,000.

"Mr. Poulsen's monetary demands are completely unrealistic," Blyth said. "They confront the state with these alternatives: pay tribute to him, abandon the games, or use the eminent domain power granted us by the legislature."

The land in question, which Blyth said was vitally needed to stage the games, is to be used for a flood control reservoir, ski jump outrun, sewage disposal system and other installations. Fifteen acres would be purchased outright, while easements would be acquired on 21 acres and a 30-year lease would be had on six acres.

Apparently, all issues but price were settled by last Wednesday when the parties met in Sacramento.

In Sacramento, Poulsen's attorney, Archibald McDougall, said "we'll fight it to the last ditch . . . on constitutional and other grounds."

He said he feels it's "very foolish" for the state to file the condemnation suit "for the reason that they're running the risk of having the whole law declared unconstitutional and if it is, there obviously will be no games . . ."

No Hope For New Highway By 1960

Despite urging by Alan Bartholemy, executive director of the VIII Olympic Organizing Committee, the state division of highways has announced that it will be impossible to complete the four-laning of U. S. Highway 40 over Donner Summit by 1960.

Bartholemy told a meeting of the state highway commission last week that failure to complete the section from Soda Springs to Donner Lake by 1960 will create an "impossible" traffic situation.

The state is concentrating on Highway 40 and expects to have the work completed with the exception of the summit project by 1960. A study, Bartholemy told the group, indicates a maximum of 600 vehicles an hours can traverse the summit each hour with skid chains and he said it is expected between 5000 and 6000 cars will be headed eastward to the games each day from Sacramento.

TRUCKEE MAN HELD IN PLACER ARREST

Raymond Dixon of Truckee was sentenced to serve 75 days in the Placer County jail this week on contributing to the delinquency of a minor and being in possession of stolen property.

Dixon was arrested by Deputy Angelo Chiaratti and appeared before Judge Harry Charrison. Sgt. Bud Rabska signed a complaint against Dixon for being in possession of stolen property for which he received 30 days and the contributing charge brought a sentence of 45 days.

THREATENING FIRE AT GATEWAY WED.

An incipient, but potentially dangerous fire started in the dry grass and brush only a short distance in the rear of the J. Vind home at Gateway Park yesterday at noon. Quick response by volunteers and the Truckee Fire Department prevented a disasterous blaze as a strong wind was blowing at the time.

It was presumed by Fire Chief N. F. Dolley that youngsters playing with matches caused the fire.

COMMITTEEMAN HERE TO SCAN GAME PLANS

Carl O. Olsen of Oakland, passenger traffic and public relations manager for the Southern Pacific was a Truckee visitor this week. Olsen is a member of the transportation committee of the VIII Olympic Organizing Committee and is making a study of local conditions relative to the 1960 winter games.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS)—The California legislature and the state park commission are at loggerheads over the matter of grazing in some of California's little used state parks.

The battle dates back for some time and started when the park commission decided to quit the granting of grazing concessions in at least a portion of the parks, and particularly Anza desert, which is a little used area compared to its size.

The question was brought to the attention of a legislative committee, headed by Senator Paul M. Byrne, of Chico. The committee hired Professor B. A. Madson, of Davis, to make a survey of the grazing situation in the parks, and report back.

The Davis professor made such a survey, and his recommendations were adopted by the legislature in part, at least, by Senate Concurrent Resolution No. 218.

However, the park commission cannot accept the dictates of the legislative resolution, it said in a communication to the committee.

"The resolution 'directs' the state park commission," the response said, "to do something which the attorney general has advised them they cannot legally do, namely, use state park lands for other than state park purposes.

"It reaches down into the minute operations of administration and even specifies the names of those with whom the commission is supposed to contract and the number of acres that they are supposed to contract and the number of acres they are supposed to lease out for grazing.

"It ignores or misstates the fact that extensive studies and mature deliberation have been given the problem by the commission."

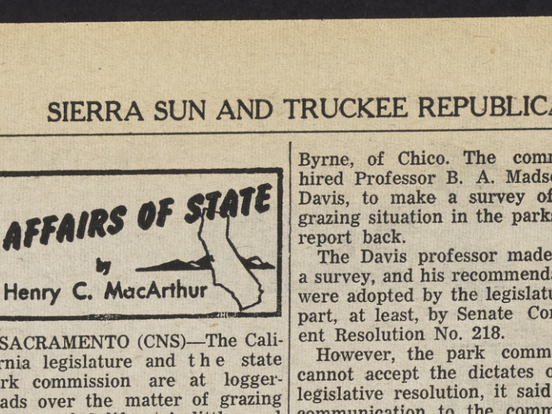

The response went to say that al grazing contracts in Anza park has been renewed for 1957, as there is no indication that the grazing has caused injurious effects at the park, or has interfered with the use of the park by the public. It also called attention to other contracts eliminated because of increased use by the public.

"The state park commission," according to the reply, "since its establishment has by law operated under the principle of preserving and protecting scenic, historic and recreational lands for the use and enjoyment of the general public.

"The state park commission is charged by statute to protect these lands and to prevent their exploitation for private uses which do not in any way benefit the parks or the park viistors.

"It is the belief of the park commission that SCA 128 asks them to act illegally, since there appears to be no statute under which the commission can act as directed."

Thus, it would appear that the legislature, if it wants its desires followed in the matter of grazing in state park areas, will have to do more than adopt a resolution calling upon a state department to perform certain acts. Usually, such a resolution is enough to assure a department of legislative intent, and for the most part, departments follow the direction of the legislature. But not beaches and parks!

State Liquor Agency To Seek Help Of Industry

SACRAMENTO (CNS) — California's alcoholoic beverage control director, Russell S. Munro, has called for establishment of a council representing the state's liquor, beer and wine industry to help solve intra-industry problems.

Munro's remarks came during an organizational meeting of the senate committee studying problems of alcoholic beverage control, headed by Senator James Busch.

Munro said his department intends to make a thorough study of what sections of the ABC code need overhauling, in order to provide for more uniform and equitable enforcement.

"We're constantly forced with interpretations of the law," Munro said. "We plan to sit down with the industry and see what areas of agreement are apparent on some changes to be made. Of course, there will be some points upon which we won't agree.

"Our study and our list of recommendations will not be an attempt to stifle anybody," he said. "We'll attempt to find the areas of agreement then the industry can go ahead and fight out the other matters."

The committee heard proposals for establishment of new types of licenses for brewers' reprentatives and beer brokers. It was pointed out none of the present licenses fit th present duties or activities of some members of the industry.

The committee declined to go into any discussion of the proposed new licenses at its first meeting but set another session for late October or early November, when Munro's report will be available.

NEWS NOTES FROM TAHOE

By Naomi McLane
Tahoe City, Box, 711. Juniper 3-3187

New Baby

We met little Deborah Marie Painter of Lake Forest this week. She is only eleven months old and a delightful bundle of charm.

Babe In Hospital

Marshall and Joanne Ruhkala's little 15-month-old daughter was treated at the hospital for possible concussion this week. She must have fallen in the yard although no one saw her. She is home and perfectly all right now, we are happy to report.

In Dental School

Kirsten Kiser, commonly called Kirtie, who just graduated from Tahoe Truckee this spring, will live in San Francisco with her sister, Sherry, and attend dental school, where she will learn to be a dental technician. Virginia Morrow, mother of Sherry and Kirtie, reports an amusing incident. Sherry was to attend a costume party at the Golden Gate Yacht Club and after much thought as to what to wear decided to make a cardboard outhouse complete even to a little chimney on top. When she called a cab to go it was discovered that the costume could not possible fit in the cab. Luckily Virginia Morrow was there and the costume and Sherry were whisked through the streets of Nob Hill by station wagon and were winners of the first prize!

To Attend U.C.

Tom Sheehan, Jr., has just delivered a load of lumber and tells me that he will start school September 3 at the University of Nevada in Reno. Among his classmates are Dave Rickert, Karen Decker, and Jude Commagere who will also attend the university there. In a summer these high school graduates grow so quickly from school kids to college-age men and women.

To California

Bob Huega will enter the University of California at Berkeley, I just learned.

Trip To Valley

Les and Joyce Spitsen made a trip to the valley town of Hilmar to pick up Maryanne who has been visiting her grandmother there. Little John stayed with his neighbors, the Bill Larsens.

Department Benefit

I canot report much about the weekend golf tournament because I was not there but Ken Marvin turned in the highest points, and his mother, Mrs. Billie Sach, stroked the closest in the hole-in-one contest held for the benefit of our fire department.

Welcome Home

A welcome home potluck supper and shower was held Saturday night in honor of the newlyweds, Al and Geri Cavallo, at the Tahoe Park home of Ralph and Helen Rauscher. The Cavallos came dressed in matching costumes of acqua and silver which they had bought in Honolulu. Geri's dress was in Chinese style with close-fitting knee-length trousers to match. Among the guests were Miss Jeanne Kessey, Mrs. Solveig Beavers, Mr. and Mrs. Gordon Butterfield, Mr. and Mrs. Chris Burmer, Mr. and Mrs. Steve Marvin, Mr. and Mrs. Hal Farr, Mr. and Mrs. Bob McLane, Mr. and Mrs. Stan Tomlinson, and Mr. and Mrs. James Chastain. Jimmy brought his guitar and after the gifts were opening singing and talking made up the evening's fun. Plus a play-back recording which Ralph had taken while everyone was unaware. This was a hilarious shock.

More On Staff

Serves me right. Accuracy should come first and I owe an apology to our post office. Two unseen members of the staff there were not mentioned because I did not know about them. Mrs. George Holt, called Bobby, and Bob Ferrell help keep our mails coming through the dark of night and white of storm and all those other things which try to stay these couriers from the swift completion of their rounds. Belated bouquets to them, too!

From Santa Cruz

Chris Burmer's sister, Mrs. Albert Theberge and her two children, Skip and Denise, have been visitors from Santa Cruz. The two families have been hiking and taking in some of the lake night spots. Theberge is a maritime officer and is at present on a world cruise.

To North Hollywood

Mr. and Mrs. Bob Hewitt leave the lake area this week. The four boys, Jeff, Mike, Blaine and Tracy, will be missed by their school and pre-school friends. They are moving to North Hollywood.

NATIONAL FOREST TIMBER FOR SALE

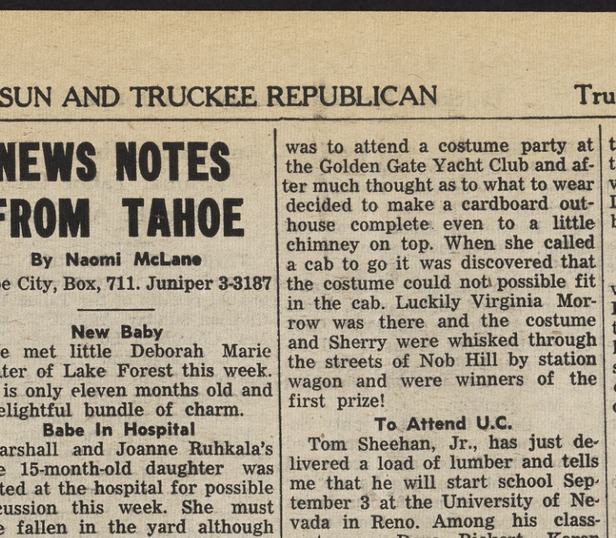

Sealed bids will be received by the Forest Supervisor, U.S. Forest Service, Nevada City, California, up to and including 2:00 p.m., September 30, 1957, for timber offered for sale in the McKinney Creek unit, Tahoe National Forest. A certified or cashier's check, bank draft or money order in the amount of $2,000.00 must accompany each bid to be applied to the purchase price, refunded or retained in whole or in part for actual or liquidated damages in accordance with the provisions of bid. The offering is for all of the live and recently killed (sound sapwood) timber, marked or designated for cutting and removal prior to December 31, 1958, estimated to be approximately 635 M feet b.m. of ponderosa pine, sugar pine, western white pine, lodgepole pine, white fire, red fir, and incense cedar, on an area embracing about 200 acres within section 22 and 24, T. 14 N., R. 16 E., M.D.B. In addition, there is an unestimated volume of the older dead (unsound sapwood) timber on the area, the cutting and removal of which will be required. There is additional timber upon a portion of the sale area, estimated to be a total possible cut of 200 M feet b.m., more or less, of the species and product included in the proposed sale, which upon written agreement between the purchaser and the Forest Service, may be cut and paid for at the appropriate species product bid prices. The minimum acceptable bide for the live and recently killed timber is: for ponderosa pine and sugar pine $28.65 per M feet b.m., which includes a base rate of $13.30 for stumpage plus an additional $14.35 for stumpage and a required deposit of $1.00 for sale area betterment. For western white pine $21.50 per M feet b.m., which includes a base rate of $9.75 for stumpage plus an additional $10.75 for stumpage and a required deposit of $1.00 per M feet b.m. for sale area betterment. For lodgepole pine $6.00 per M feet b.m. which includes a base rate of $2.00 for stumpage plus an additional $3.00 for stumpage and a required deposit of $1.00 for sale area betterment. For red fire and white fir $3.85 per M feet b.m., which includes a base rate of $0.50 for stumpage plus an aditional $2.35 for stumpage and a required deposit of $1.00 for sale area betterment. For incense cedar $2.00 per M feet b.m., which includes a base rate of $0.50 for stumpage plus an additional $0.50 for stumpage and a required deposit of $1.00 for sale area betterment. The bid prices for stumpage for live and recently killed timber shall be subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of Western Pine Association lumber price indices, as calculated by the Forest Service at the end of each calendar quarter and the base indices which are the arithmetic averages of the Western Pine Association lumber price indices for the months of June, 1956, through May, 1957. Such adjustments in the price for stumpage shall be applicable to timber scaled in the calendar quarter for which the adjustment is computed. In no event, however, shall the adjusted stumpage rates for each quarter be less than the base rates stated above. The merchantable volume of older dead (unsound sapwood) timber will be paid for at the following rates which will not be subject to quarterly calendar adjustment: For ponderosa pine and sugar pine $14.30 per M feet b.m. For western white pine $10.75 per M feet b.m. For lodgepole pine $3.00 per M feet b.m. For red and white fir $1.90 per M feet b.m. For incense cedar $1.00 per M feet b.m. The right to reject any and all bids reserved. Before bids are submitted, full information concerning the timber, conditions of sale, and the submission of bids should be obtained from the Forest Supervisor, Tahoe National Forest, Nevada City, California, or the District Ranger, Truckee, California.

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Thursday, August 15, 1957.
Adjourned Meeting.
Present: John T. Trauner, Clerk.
Wm. J. Cassettari, Deputy District Attorney.

The meeting was called to order at 10:04 A.M. by the Chairman of the Board and it was noted that all members were present.

The minutes of the meeting of August 8, 1957, were read to the Board by the Clerk, and upon a motion made, duly seconded, and passed unanimously, the minutes were approved as read.

Mr. Steven Ryland appeared before the Board relative to the paving of a road in the Union Hill District. After a short discussion, the matter was referred to the Road Commissioner.

A letter was read to the Board from the City Council of the City of Nevada by the Clerk, wherein the said Council requested that a joint meeting be set up for the purpose of discussing the possibility of entering into an Agreement with the Cty Councils in establishing a uniform sales tax under the provisions of the Bradley-Burns Act. After a short discussion, the time was set for a hearing on August 20th at 2:00 P.M. thereof and the Clerk was directed to write to the City Councils of Grass Valley and Nevada City notifying them of the time and date.

A letter was read to the Board by the Clerk from the Veterans Service Officer wherein it was requested that the said Service Officer be allowed to attend an Association conference at Lake Tahoe on September 5th and 6th. A motion was made, duly seconded, and passed unanimously, authorizing the attendance of the Veterans Officer, and any Supervisors desirous of attending, the conference meeting to be held on September 5th and 6th. The expenses incurred therein shall be deemed a proper County charge.

At the request of the Agricultural Commissioner, a motion was made by Supervisor Bishop, seconded by Supervisor Smart, directing the Auditor to establish a trustee account in the Bank of America in the amount of $500.00 in the name of the Agricultural Commissioner. Said trustee account to be used to defray the expenses of the State Fair Exhibit, and to be audited by the Auditor after the close of the State Fair. Upon a roll call ballot, a unaimous vote was recorded.

Mr. Harry Rhyud, representative of the Division of Highways, State of California, appeared before the Board relative to the rights-of-way on the Tyler-Footes road project.

Mr. Carlos McGuire gave a report relative to the rights-of-way through the San Juan Gold Field.

This being the time heretofore set for the receiving of bids for the paving of the streets of Truckee, it was noted that the follow ing two bids were received: Milo A. Browne in the amount of $29,290.00 and G. E. Lewis in the amount of $28,860.00. After a discussion by the Board and the Road Commissioner, a motion was made by Supervisor Robinson, seconded by Supervisor Bishop, that the bid of G. E. Lewis be accepted in the amount of $28,860.00. Upon a roll call ballot, a unanimous vote was recorded. The Clerk was directed to return the unsuccessful bidder's bond.

A motion was made by Supervisor Robinson, seconded by Supervisor Smart, authorizing the Chairman to sign a right-of-way certification on the Tyler-Footes road. Upon a roll call ballot, a unanimous vote was recorded.

Mr. Robert Schiffner and Mr. Downey Clinch appeared before the Board relative to a Resolution delegating authority to the newly formed Airport Commission. A lengthy discussion was held by the Board, and the Chairman informed the delegates that until such time as the Board of Supervisors were in a position to fully delegate such authority as may be necessary and legal, the Board preferred the Airport Commission to proceed in the present advisory capacity.

At this time the Board adjourned for lunch to reconvene at 1:30 P.M.

AFTERNOON SESSION:

The Board reconvened at 1:40 P.M. and all members were noted as being present.

Mr. W. W. Brunker, County Expert, made the recommendation that, in the future, all Capital Outlay items purchased by the County conform to a standard price list as compiled by the Purchasing Agent. Mr. Brunker informed the Board that it was his feeling that departmental budgets should be reconciled to those standard price items.

Mr. Harry Rhyud from the State Division of Highways appeared before the Board and requested that the Chairman be authorized to sign a Resolution authorizing the construction of a County road known as the Tyler-Footes road. After discussion, a motion was made by Supervisor Robinson, seconded by Supervisor Bishop, authorizing the Chairman to sign the said Resolution. Upon a roll call ballot, a unanimous vote was recorded.

A motion was made, duly seconded, and passed unanimously, directing the Auditor to change the Capital Outlay item prices in all departmental budgets to conform to the price schedule as presented by Mr. Brunker.

Mr. Denis Christin, County Superintendent of Schools, appeared before the Board and requested that a public hearing be set for the proposed change of boundaries of the Grass Valley Elementary School District. With the concurrence of the Board, the Chairman set September 25, 1957, at 2:00 P.M. thereof for a public hearing for the proposed change of boundaries to the aforesaid schol district.

A discussion was held with Clare Hughes, Purchasing Agent, relative to the letting of a contract for the typewriter repair of all typewriters owned by the County for the ensuing fiscal year. Because of the remification involved in the Contracts, it was decided by the Board that the Purchasing Agent be authorized to determine the best Contract as presented, and be further authorized to enter into an Agreement with the successful contractor.

It appearing to the Board that the Purchasing Agent is in need of a printing calculator, a motion was made by Supervisor Smart, seconded by Supervisor Bishop, and passed unanimously, directing the Auditor to include a Capital Outlay category in the Purchasing Agent's budget for the purchase of a calculator, at a cost not to exceed $700.00. The Purchasing Agent was directed to turn his adding machine over to the Welfare Department for their use.

Mrs. Margery Worth, Welfare Director, appeared before the Board relative to the Welfare Department Budget. A discussion was held relative to that budget, and then Mrs. Worth asked permission to attend a fiscal meeting in Sacramento on August 26th and 27th held by the State Department of Social Welfare. A motion was made by Supervisor Smart, seconded by Supervisor Bishop, and passed unanimously, authorizing the attendance of the Welfare Director at the aforesaid meeting. The expenses incurred therein shall be deemed a proper County charge.

A lengthy discussion was held by the County Expert, the County Auditor, and the Welfare Director relative to the feasibility of entering into a Contract with the California Physicians' Service through the State of California for the administration of the new medical services program. The District Attorney was directed to prepare a Resolution for presentation at the next meeting of the Board.

There being no further business to come before the Board at this time, a motion was made, duly seconded, and passed unanimously, to adjourn to meet again on August 20, 1957, at 10:00 A.M. thereof.

Announce Winners In Annual Tahoe Club Regatta At Chambers

TAHOE CITY—Beautiful weather and water, prevailed for the annual regatta of the Tahoe Yacht Club on Sunday, August 25, at the New Chambers' Lodge near Homewood. A large and friendly crowd was on hand to witness the events which were run right on time, and no caualties marred the day.

First race was the junior outboard, for 7½ HP, 13 yaers and under. First, Merilee Meek; second, Ralph Peer; third, Dan Mullin.

Class B stock hydroplanes, 20 years and under, first to Joe Hickingbotham; second, Lewis Marsten; third, Hugh Mullin.

Class B U runabouts, through 20 years, first, Micky Washburn; second, John Lane; third, Jay Guittard.

19 HP and under runabouts, through 20 years, Diana Meek, first; second, Dan Best; third, Dave Kethenhofer.

20-26 HP runabouts, through 20 years, first, Kathy Houdlette; second, Bart Butler; third, Lew Meiss.

27 HP and over, through 20 years, first, Jack Haly; second, Easdon Smitt; third, Alby Smitt.

High point winner for the current season, and winner for three consecutive years in a row of high points for the season, was Joe Hickingbotham, who appears already to be emulating his famous uncle, R. Stanley Dollar, Jr. Joe now gets to retain permanent possession of the coveted Dollar cup trophy.

In the second racing event of the day for 115 HP and under Lowell Berry of Piedmont placed first; second went to Roger Murphy of Piedmont; third, to Jack Higgins of Vallejo.

In the 130 HP and under, Dick Steltzner of Piedmont took first; second, Lowell Berry; third to Roger Murphy.

The ladies' championship race for 115 HP and under was taken by Barbara Berry of Piedmont, with Judy Murphy, second; and Marge Malley of Piedmont, third.

The fifth race for 140 HP and under went to George Concannon of Atherton; second place to Sandy Jacobson of Chico; third, to Dick Steltzner.

The ladies' championship for 140 HP and under went to Betsy Concannon; second to Pat Daley, Piedmont; third to Bonnie Visel, Piedmont.

The 155 HP and under brought another win for George Concannon wth Sandy Jacobson second; and Merit Hancock of San Jose, third.

The eighth race for 175 HP and under went to Dick Steltzner; second to Frank Kraus of Sacramento; third to Loren Bradley of San Mateo.

Rodnick Minklin of Atherton placed first in the contest for 285 HP and under; second, George Bescotes of Stockton; third to Pat Paterson of Piedmont.

The 10th race for 24 footers and under was copped by Anthony Costa of Stockton; Pat Paterson, second; and Jim Castle of Piedmont, third.

In the 25-foot and longer class young Lewis Marsten of San Francisco first place; with Lowell Berry second; and Gordon Greenlee of Piedmont in third place.

The three-lap Lake Tahoe championship race for hydroplanes only was a thrilling spectacle, presented through the courtesy of Commodore J. Philip Murphy of Piedmont, who entered both of his famous flier, the "Muvalong," driven by Jay Murphy, and the "Breathless II," piloted by son Roger Muryhy. The "Breathless" demonstrated beautifully why he was awarded fourth place in the Seattle gold cup races about three weeks ago, her gorgeous "rooster tails" a sight to behold, with the "Muvalong" a close second all the way. It was the outstanding thrill of the regatta.

Winners in the revived relay championship race, entries consisting of four teams of four boats each, went to the yellow team led by Dick Steltzner; second to Wilbur Miller's, green team; third to Lowell Berry, blue team with George Concannon and his red team trailing in fourth place.

The novelty "bag-and-go-back" contest, open to all but hydroplanes and outboards, found Loren Bradley's "Lornita III" in first place; Jay Murphy's "oss" second and Joe Belcao of Stockton, third. For the first time, this year the beautiful Edwin Letts Oliver perpetual trophy, given by members of his family to perpeuate his memory, will be inscribed with the winner's name.

The prized "Commodore's Cup" was awarded on Sunday to George Concannon and his "Voice of the Turtle" which accumulated 13 points for his total.

Entertains

Spectators were entertained between races by the Misses Gloria Westphal, Susan and Stannie Good, known as the water bunnies, who dress in bunny outfits and perform efficiently on water skis to the tune of "Here Comes Peter Cotton Tail" over the loudspeaker.

Name Officers

The luncheon and election of officers at New Chambers' Lodge was well attended on Saturday last with popular J. Philip Murphy of Piedmont reelected for another term of office as commodore of the Tahoe Yacht Club. Other officers, J. Allen Bray, vice commodore; Stanley Good, Jr., rear commodore; Aloph R. Westphal, port captain and R. Randolph Walker, secretary-treasurer.

Commendable was the turnout of fire fighting equipment, and men, which answered the call for assistance at the old Squaw Valley Garbage Dump on Thursday afternoon last around 4 p.m. Volunteer Fire Chief Al Henry and truck were first at the fire and were soon joined by the Truckee Forest Service pumper, and crew, and Patrolman Jack Schindler's truck and tanker from the Forest Service Station at William Kent Campgrounds. Assistant Ranger Nelson Stone was in charge and only about one quarter of an acre was burned over. Cause of the fire has not yet been established but it is believed it could have been set deliberately, or a carelessly thrown cigarette could have started it. The Henrikson Brothers bulldozer also proved effective during the emergency. The fire fortunately was extinguished before getting out of control. Again, orchids to our fire service crews whose alertness and speed many times over prevents serious conflagrations.

Patrolman Jack Schindler on Thursday last issued a warrant for arrest of Mr. and Mrs. August F. Muenter of Palo Alto, whose summer home is located in the government's new "Twin Crags" summer home tract on the mountainside just north of the Pfeifer house near town, where 14 homes have already been erected. The Muenters were engaged in open burning without a fire permit. An infraction of the law especially during midsummer, when a permit is required even for incinerator operations. The couple appeared in Judge Harry Charrison's court in the Communitly Hall and were fined $50. They protested strenuously, declaring they did not know they had to have a permit, but Patrolman Schindler informed them it is posted in large letters on a highway sign near Deer Park, at the post offices, at all campgrounds, on the public bulletin board, and has been published frequently in the Sierra Sun's columns.

NEW CHURCH AT TAHOE IS PLANNED

TAHOE CITY—Bishop Charles Haden, Jr., bishop of the Sacramento Episcopal Diocese, has announced plans for the construction of a year around church at Tahoe City.

The bishop stressed in his announcement Sunday that the church would serve all denominations but will be staffed by an Episcopal minister. A local donor, who wishes his name withheld, has offered the land required if funds can be collected for the chapel.

A fund raising drive is being started and generous contributions have been received, Charles Beardsley, active in the program, announced.

Services will continue in the Outdoor Chapel September 1, with Rev. Tom Ward of Folsom preaching, and on September 8 when Lay Reader Herman Rauh will preach. Then the service will be continued in St. Nicolas Hall. Lay Readers Beardsley and Hugh Brown will care for the services until a regular minister can be secured.

Friday evening a sterophonic concert will be given at 8 o'clock at the Outdoor Chapel. Several local artists will be on the program and a free will offering will be taken for the conversion of St. Nicolas Hall. Sound equipment will be supplied by Mr. and Mrs. Don Del Carlo.

TIMELY TIPS

Water-packed fruit and vegetables are a good source of liquids for drinking in an emergency, especially citrus fruits that have been under cover. If they have been exposed to radioactivity wipe oranges clean before squeezing and peel such fruits as apples, pears or peaches.

TRUCKEE BIBLE CHURCH

Services, both morning and evening, will be conducted by Richard Howell in the absence of Pastor Rhoades who will be on his way to Texas to return the end of the week with furniture and household goods.

This Saturday at 7:30 teen-time will meet at Tahoe City in the Community Center. The young people of the church enjoyed a hamburger fry last Friday evening. Sunday evening the youth of the church were entertained in Grass Valley as the guests of the First Congregational Church with Rev. R. A. Minor as pastor.

Mrs. Rhoades is holding Bible classes in Lake Forest and Truckee. The latter, in the home of Mrs. William Englehart, Jr., meets each Tuesday at 3 o'clock.

Ill Teacher Entitled To Year Of Compensation

SACRAMENTO (CNS)—A school teacher who becomes ill during the first 10 days of a school year and is sick for the rest of the year is entitled to draw compensation under the education code.

That is the ruling of Attorney General Edmund G. Brown. His office said some school districts continue such cases on full time salary for five months, others on reduced amounts, and others pay the difference left over from a substitute's salary.

However, Brown ruled in the same opinion that a teacher who takes 10 days sick leave and then fails to complete the full school year is subject to have an amount equivalent to the unearned sick leave deducted from the final pay check.

"Teachers are employed for a full school year," the opinion said. "Failure to fill out the term governs the leave privileges."

Big Month

Too bad we haven't got about six months of August. The pass word during the month has been "No Vacancy," a winderful semi-winding up of the season Something tells me the season will linger on this year, we hope so, anyway. I saw a sign at Cal-Neva which reads: We shall remain open all of September," which is a healthy sign. Tom Geurn says they will close on the seventh, the North Shore Club will be open till the same date, and of course, the Crystal Bay Club, our good old winter standby, will be open all winter, and the Monte Carlo we are not sure of at the moment. In any case it will be late in, September.

Injured

Very, very sorry to hear of the serious accident that befell Joby and Helen Lewis last week. While riding with another driver about nine miles from Yerington, Nev. Joby escaped almost scratchless, but poor Helen who was asleep in the back of the station wagon was very seriously injured and is now in the Washoe Medical Center with a badly crushed left leg and chest injuries. She will be in the hospital for sometime and it may be a year before she will walk. This came at a time when both of them were looking forward to opening their new casino, the Hawthorne Monte Carlo in Hawthorne. All of their friends are praying that Helen's recovery will be more speedy than anticipated at the moment.

Good News

Mahoney's Motel has been sold, and Ira Blair of the Harry Stubley Realty Co. negotiated the sale. The lucky reported buyers are William E. Marks and wife, Violet of Rio Vista. The new owners are expected to take possession sometime in September, and will probably operate the resort the year round. We welcome Mr. and Mrs. Marks to our beautiful community and we feel very happy for the Mahoneys, as Mr. Mahoney has been sick for a few years and has been living with his daughter in Las Vegas, unable to stand the altitude of the lake. We shall miss them no end, but wish them health and happiness.

Pooh

Thursday evening sitting typing and gee whiskers there must be a dozen skunks out on our porch. I never did smell anything like it, this must be their season. Boy, oh, boy!

Meetings

Harry Stubley left Friday last to attend the planning commission in Auburn and then at night he attended the Placer County Chamber of Commerce of which he is an officer.

Coming Along

Sid Herman, the man that doles the money out at the Monte Carlo has been somewhat under the weather for the past week. He is happy to have his son, Eddie, with him for a while. Sid tells me that his daughter, Ona Lee, is the Arizona state tennis champion and after seeing her picture I find that she is really beautiful, too. Sid's wife, Maureen, is also a talented musician and is at their home in Scotsdale, Ariz.

Leaving Soon

Connie Young, our popular English-Scotch friend, who has been at the Tahoe Tavern all summer, will be leaving for southern California any day now. Connie hopes to travel to bonnie Scotland before many moons are over, for a visit wit hher mother.

At Their Home

Lucille Manfull and her husband are here visiting from southern California. They have a home and lots in Kings Beach. Manfull will be retiring pretty soon and it is their intention to make their home here permanently.

Lucky People

Two more of our friends will be readers of the Sierra Sun. They are L. R. Croxens and the Bill Elliotts, both of Kings Beach. Bill is with the Larry Sherdan's Milk service and the Croxens have a motel.

Home Again

Harvey Klitzke, Jr., has arrived home after another stay with his grandparents in Hollywood. Harvey Klitzke, Sr., the grandparents that is, are here for keeps, and junior says he is tickled to have them. Florine Klitzke who celebrated her birthday a little while ago is today celebrating the real one. Happy days to you, Flo.

More Visitors

Leo and Gertha Ralston are visitors and have a trailer at Incline. We spent a wonderful evening with them, and at the same time helped to celebrate Tom Guren's birthday. The whole of Bal Tabarin rocked to the familiar tune "Happy Birthday to You."

Trailers

In reporting about the trailers last week I did, not mention that trailers will always be welcome in the county, providing they are parked in a licensed park or trailer court. Elsewhere they are prohibited, except in the case of a person that is building a home, in which case they may apply for a permit to the health department to live in same for a period of six months only.

Interesting Visitors

Meredith and Dee Siple have had as visitors for the past couple of weeks, Mr. and Mrs. Robert M. Stokes. Mr. Stokes is with the Walt Disney Studios in Hollywood. They had a tremendous vacation, especially while staying at the Siple's beautiful new home in Tahoe Vista. They were formerly at Pine Cove Cottages.

Salaries Of Placer Co. Officials Are Boosted

AUBURN—Salary raises ranging as high as $1300 a year were approved for the judges of the judicial district courts by the Placer Board of Supervisors this week.

At the same time $75 a month increase for the constables was approved.

The increases were recommended by a committee of supervisors, consisting of Frank Paoli and L. L. Anderson who met with the representatives of the judges and constables last week.

Included in the raises were Judge Harry Charrison of North Tahoe from $3700 to $4200; Judge Charles Crowe, Colfax, from $4600 to $5400; Judge Eugene Eriskine, Auburn, $5200 to $5800 and L. M. Lyton, Roseville, $4600 to $5400.

Constable salaries were increased from $250 to $325 per month.

The domed edifice is the Extension, dedicated in 1906. Its organ, which has 13,389 pipes, is one of the largest church organs in the United States. The adjoining building is the Original Edifice, dedicated in 1895, with its own organ and chime tower.

which time it was approved by the voters.

Petitions were filed by the Californians for Public Schools, headed by John A. Owen and Dorothy H. Rogers.

The measure will be the first initiative on the 1958 ballot, according to a law adopted at the recent legislature which specifies initiatives on the ballot in the order they qualify. The initiatives will follow legislative measures.

The parochial school initiative will be one of the hardest fought measures at the upcoming election. Already both sides, who are the opponent church schools and the proponent organizations, are girding themselves for the fight by hiring publicity men and taking the initial steps of a long campaign.

11 FIRST-YEAR LOCAL STUDENTS IN SIERRA

Eleven first-year students from the Tahoe-Truckee area have completed requirements for admission to Sierra Junior College, and four more have applied for admission but have not completed their preliminary registration, according to James McClusky, director of admissions.

Listed as admitted, and eligible for full registration in the period between August 22 and August 31 are:

Anita G. Antillon, David C. Ashton, Charles E. Cushman, Roger L. Halbert, F. D. Herzog, Joseph Miller, Jennifer A. McCaskie, Faye Peel, David Rickert, Sonja Y. Schmidt, Nellie Marie Stone.

Partially admitted are William A. Ball, Gerald W. Browne, Janice Mandeville and Nikki Wing.

Students who have not completed all tests may do so on September 3 and qualify for full registration on September 4.

A two-day orientation session will not be available to students on a daily basis, those residing in the area may draw a $40 per month subsidy to assist in the expense of remaining away from home. Money for this expense is in the 1957-58 budget.

Non-Profit School Tax Initiative To Be On Ballot

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced today that an initiative which would make parochial and other non-profit schools below college grade subject to state taxation if adopted, has qualified for the November, 1958, general election ballot.

Petitions for the initiative, which would repeal the law which now exempts such schools from taxation, carrying 356,315 signatures which is 33,884 more than necessary to qualify, are on file with Jordan's office.

Voters of California already have approved exemption of the schools from state taxation. The legislature adopted the exemption law in 1951, and it was placed on the 1952 general election ballot, at

MRS. JOBY LEWIS IS INJURED IN MISHAP

HAWTHORNE — Mrs. Joby Lewis, wife of the former Lake Tahoe and now Hawthorne casino operator, was seriously injured in a two-car crash near Yerington last Sunday evening.

Mrs. Lewis and her husband and Mr. and Mrs. George Latiff of Palm Beach, Fla., were en route to Lake Tahoe from Hawthorne when the station wagon in which they were riding crashed into a pickup truck which crossed the highway in front of them nine miles east of Yerington. Driver of the truck was identified as Leo Tucker of Yerington. Mr. Latiff was driving the station wagon.

Mrs. Lewis was taken from Yerington to Washoe Medical Center in Reno where surgery was performed on an injured leg. None of the others involved in the crash was seriously hurt.

BECHDOLT WARNS OF WATER DANGER

TAHOE CITY—Bill Bechdolt, Tahoe Inn manager and a member of the California-Nevada Interstate Compact Commission, told local Rotarians and their visitors Tuesday that Lake Tahoe residents should acquaint themselves with plans to change the established high level of Lake Tahoe or they may find the lake shore line receding with piers standing on dry land.

Bechdolt referred to the 1935 Truckee river agreement, arrived at after several years of bickering between Lake Tahoe residents and Nevada water interests over pumping lake water below the natural rim up stream from the Truckee River dam.

This agreement, made a federal decree in 1944, set a maximum high level of 6229.1 feet with provisions that no water should be taken below the natural rim of 6223. Although Lake Tahoe is a natural lake the impounding of the 6.1 foot of water by the erection of the dam in 1915 classifies it as a reservoir and the impounded water belongs to the federal government for use by Nevada water interests.

Since the 1935 agreement several normal winters have raised the lake level, either to or near the 6229.1 maximum high resulting in damage to a few homes and piers built during dry years when the lake was low. Broad sandy beaches have been narrowed. To change the maximum high by six inches or one foot as desired will mean supplementing that much water elsewhere by dams or either the Truckee, Carson or Walker rivers or possibly by the cutting of the natural rim of Lake Tahoe.

Another proposal by the bureau of reclamation—corps of engineers and the Washoe County Water Conservation District is a tunnel to tap Lake Tahoe and run the water into Washoe Lake, a hydro-electric project.

LOCAL SCHOOL WINS RIBBON FOR EXHIBIT

The Nevada County District Fair at Grass Valley closed its four-day exhibition Sunday night, August 25.

It was a most successful four-day fair in that the attendance was expected to exceed that of last year's record of a certified paid attendance of 22,503 people, James Sherritt, local fair board member, said. Each of the first three days attendance was several hundred greater than the three same days of last year's fair.

People who went to the fair this year from the eastern end of Nevada and Placer counties were pleased with the exhibits shown by the Truckee-Tahoe High School and the exhibits were a credit to the school, Sherritt said.

The list of high school students and their special talents follows:

Jerry Browne, a full-size cedar chest; Craig Robinson, a nut bowl and cracker; Shirley Hall, two pictures; Linda Loynd, a picture of a ballerina; Jess Marian, a fruit bowl study; Ken Osburn, a fisherman's wharf scene; Dick Raker, a W277 boat; Nancy Close, an Indian chief head; Christian Lander, turbulent ocean scene and Judy Hastain, an oriental girl study.

Nikki Ann Wing showed many articles depicting her interest and studies of anethetics which were very interesting.

LAKE LEVEL

TAHOE CITY—With 479 csf of water leaving the gates at Tahoe City Monday, the level of the lake was 6228.45 feet, Art Frodenberg, cooperative observer, announced. Ideal summer weather, with the temperature ranging from 44 to 80 degrees was reported for the past week.

Mr. and Mrs. August Sassarini of Roseville were here this week.
